I, _____ am currently living in _____,
 (name) (town)

and I am interested in purchasing residential land in _____. If there is none currently
 (town)

available, I wish to be placed on the appropriate waiting list. I can be contacted via the following information:

(Please fill in all appropriate)

Phone: _____

Mailing Address: _____

|--|--------------------------|
| For the purposes of this application, I declare: (please check all that apply) | |
| I have not previously purchased land from the MD | <input type="checkbox"/> |
| I will be a first-time landowner | <input type="checkbox"/> |

I will notify the MD of Opportunity administration if the above info changes, or if I no longer wish to be included on the wait list. If MD staff is unable to reach me after multiple attempts, my application may default, and I may be removed from the list. I understand the MD sells land at market value on a first-come, first-served basis, with possible preference being given to applicants who currently reside in the community in which they wish to purchase land, are first time home or land owners, and/or have not previously purchased land from the MD.

Available residential land is sold via the above procedures, provided that the needs of the W/D Housing Association and MD Housing Corporation are met first.
