

Make an emergency plan

By definition, emergencies happen when we don't expect them, and often when families are not together. Suddenly, you need to think about your kids at school or elderly parents across town. If phones don't work, or some neighbourhoods aren't accessible, what will you do?

Having a family emergency plan will save time and make real situations less stressful.

It will take you about 20 minutes to make a family emergency plan online. You can then print it out. Before starting, you will need to think about:

- Safe exits from home and neighbourhood
- Meeting places to reunite with family or roommates
- Designated person to pick up children should you be unavailable
- Contact persons close-by and out-of-town
- Health and insurance information
- Places for your pet to stay
- Risks in your region
- Location of your fire extinguisher, water valve, electrical panel, gas valve and floor drain
