

MD of Opportunity No. 17

TRANSPORTATION POLICY

TITLE: Transportation Recycle Policy

EFFECTIVE DATE: March 24, 2010

POLICY NUMBER: T.28

Purpose of Policy:

This policy is intended to outline the guidelines under which recycling will be available.

Philosophy:

Recycling is essential for the protection of citizens and our lands. Recycling is a social responsibility shared by everyone and the MD needs to take a lead role in the design and delivery of recycling opportunities for its communities.

Policy Guidelines:

1. Administration will ensure as many feasible and economically viable recycling opportunities as possible are available to all MD communities.
2. MD landfill and transfer site recycling stations are to be well-kept and functional for residents to access.
3. MD area offices need to be exemplary role models in recycling and ensure all recyclable products from their offices are properly handled and recycled.
4. MD employees have a personal responsibility to ensure all recyclable products from their work are properly handled and recycled.
5. Administration will ensure residents are informed of all recycle opportunities and encouraged to access them.
