

Calling Lake – Community Announcement

Arrow Technology Group, in an effort to bring reliable and affordable broadband Internet to underserved communities, we will be constructing a new Fiber to the Home (FTTH) network within your communities. This network will allow your communities access to online services such as E-health, education, shopping, streaming, news, social media as well as many other online services that are commonplace in less remote areas.

ROHL Global Networks on behalf of Arrow Technology Group - will be kicking off our build in the Calling Lake community for the purpose of providing Fiber to the Home.

Proposed Work Location: Calling Lake

Proposed Description: ROHL Projects Team will be plowing, drilling, and installing fiber optic infrastructure, which includes accessing yard site locations.

Proposed Timeline: May 20 2026 – Nov 30 2026

Purpose: Arrow Fiber to the Home will have the ability to provide a stable and fast hard wired Internet Connection to each home

Thank you in advance for your co-operation. If you have any questions or concerns, please do not hesitate to contact us.
